LIVE WORK LEARN PLAY– Oct 14!

The Savannah Main Street Program, Hardin County Chamber of Commerce and the Rotary Club of Savannah invite the public, especially downtown business and property owners to a lunch presentation on Tuesday, October 14, focusing on envisioning, planning, and implementing viable, mixed used real estate projects and districts. The presentation will begin at 12:00 noon, non-Rotary members need to make a reservation for lunch through the Chamber of Commerce’s office (731) 925-2363 before October 7th. Lunch will cost \$7 for non-Rotarians. The Rotary Club of Savannah meets at the First United Methodist Church Youth Hall, 270 Main Street.

LiveWorkLearnPlay is an international real estate development and advisory firm, dedicated to creating iconic and thriving mixed-use neighborhoods. LiveWorkLearnPlay’s world-renowned experts focus on envisioning, planning, and implementing viable, large-scale mixed-use real estate projects and districts. With more than 80 years of combined experience in 9 countries, LiveWorkLearnPlay is recognized as a world leader in creating the heart of communities: villages, downtowns, main streets, waterfronts, town centres, plazas, town squares, college towns and university districts. Their website states, “Every lasting community has a vibrant mixed-use core where people gather: where commerce, culture, recreation, entertainment, education and inspiration meet. We believe that relationships are at the core of every successful business venture. We strive to breed a culture that brings out the best in

ourselves, our clients, consultants, partners, communities and all other stakeholders.”

Craige Hoover, Director of the company’s Southeast region, has spent the previous 14 years breathing life into cities, towns, and communities throughout North America by conceiving and implementing a strategic mix of special events, rituals, and place-based arts programs. Mr. Hoover will meet with Savannah Main Street Director C. Seth Sumner that morning for a community tour and discussion about the possibilities for the Main Street District. Main Street and the Chamber are pleased to invest in bringing Craige Hoover to our area; his expertise is valued in visionary projects throughout the Southeastern United States.

“This will be an exciting opportunity for stakeholders in our community to learn about fascinating ways to look at enhancing our beautiful downtown historic district that could bring long-term sustainable growth to our businesses and increase our community’s vibrancy,” stated Sumner.

Team Hardin County 925-8181

Hardin County Chamber of Commerce 925-2363

Benefits for Employers:

- * Being an exhibitor allows you to help prepare students for a career in your organization.
- * Meet potential employees and clarify understanding about your business and opportunities for employment.
- * Share the varied employment opportunities in your industry.
- * Share the varied employment opportunities available within the Hardin County Community.
- * Identify potential employees and/or look for students interested in internship opportunities that are supported by the Hardin County School System.

The businesses that participate in the Hardin County High School Career Fair will greet 563 juniors and seniors! We encourage you to help our students understand what it takes to be successful in their chosen career path. Talk to them about jobs as well as helpful hints on job interviews, workplace ethics and the importance of education.

Your generosity of time to this program is of valued importance to our community!

MFG DAY TOURS

Manufacturing Day is a national event designed to expand the knowledge about and improve the perception of manufacturing careers and their value to the US economy.

This year in celebration of MFG DAY, the Chamber wished to recognize the importance for school guidance counselors in having a keen awareness of the scope of needs/opportunities out there when students are trying to decide focuses for their future.

The Chamber took the HCHS and HCMS principals and counselors along with Michael Davis, Director of Schools and Donald Williams, Technology Instructor on a tour of The Tennessee College of Applied Technology at Crump and Packaging Corporation of America Counce Mill. We promoted tnPromise, dual enrollment, college coop programs and brainstormed about connecting our resources and services. The group got to see first hand the TCAT campus and how to connect it to real world examples of advanced manufacturing at PCA and other industries within our county.

Hardin County Chamber of Commerce salutes all of our area industries and sends Chamber appreciation recognition to our

Industry Chamber Members!

THANK YOU for serving our community, our families, and our economy!
